REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the prior art of record fails to disclose the combination of a semiconductor integrated circuit recited in the base claim, including the combination of an interface circuit comprising: an input buffer that operates by applying at least a first voltage as the power supply voltage; a transfer gate coupled to and between an external input terminal and an input end of the input buffer; and a gate voltage control circuit that outputs a gate voltage to be applied to a gate electrode of the transfer gate, the gate voltage control circuit outputting a voltage produced based on the first voltage as the gate voltage in an access mode so that an external access is executed while outputting a voltage produced based on the second voltage as the gate voltage in the non-access mode.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Phat X. Cao whose telephone number is (571) 272-1703. The examiner can normally be reached on Monday - Thursday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Wael Fahmy can be reached on (571) 272-1705. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
